### ***Academic Requirements***

Students enrolled in any primary undergraduate major will be admitted as a candidate for the Agronomy minor program upon filing this notice of intent with Dr. Anita Dille, Assistant Head for Teaching. This admission form must be completed prior to enrollment in the coursework identified in Step #3 below to receive certification of the minor.

To earn an undergraduate minor in Agronomy, students are required to complete 16 or 17 credit hours consisting of the following courses:

	<u>Courses</u>	<u>Semester Planned/Completed</u>
1.	AGRON 220 Crop Science (4) or AGRON 501 Range Management (3)	_____
2.	AGRON 305 Soils (3)	_____
3.	AGRON 306 Soils Laboratory (1)	_____
4.	An additional 9 hours of Agronomy courses numbered 200-level or above (excluding 405, Internship in Agronomy) selected by the student in consultation with the agronomy advisor.	

	<u>Course Number</u>	<u>Credits</u>	<u>Course Name</u>	<u>Semester Planned/Completed</u>
a.	AGRON _____	( )	_____	_____
b.	AGRON _____	( )	_____	_____
c.	AGRON _____	( )	_____	_____
d.	AGRON _____	( )	_____	_____

The following signatures attest to completion of these requirements and signify that the student is eligible to be awarded a minor in Agronomy.
