PROCEDURES FOR ENTERING PERFORMANCE TESTS

FORMS: Complete and return Entry and Descriptor Forms, and Advertising Agreement by indicated deadline.

ELIGIBLE HYBRIDS: All hybrids likely to be offered for sale in Kansas will be accepted. Promising experimental hybrids near the point of being considered for release will be accepted. Mark experimentals clearly (Exp.) on the form.

DEADLINE: March 4, 2019. Please call if you foresee a problem with meeting the deadline. Seed must arrive no later than March 18 for tests at Erie or Parsons.

ADDITIONAL SCREENING: Entries may be screened in the field for incidence of common and Southern rusts, gray leaf spot, Asperigillus ear mold, and stalk rots as determined by seasonal growing conditions.

PERFORMANCE TESTING, COPYRIGHT, AND ADVERTISING POLICY AGREEMENT*

Permission is hereby given to Kansas State University (KSU) to test varieties and/or hybrids designated on the attached entry forms in the manner indicated in the test announcements. I understand that KSU seeks to protect the genetics and intellectual property rights of entrants and that the seed will not be used for breeding, selection, genetic engineering, etc. purposes. I certify that seed submitted for testing is a true sample of the seed being offered for sale.

Entry fees furnished by the sponsor are to be used by the University without an itemized accounting to provide the necessary personnel, equipment, supplies, commodities, travel (including travel to professional meetings), and other items needed in connection with the project.

I understand that all results from Kansas Crop Performance Tests belong to the University and the public and shall be controlled by the University so as to produce the greatest benefit to the public. Performance data may be used in the following ways: 1) Tables may be reproduced in their entirety provided the source is referenced and data are not manipulated or reinterpreted; 2) Advertising statements by an individual company about the performance of its entries may be made as long as they are accurate statements about the data as published, with no reference to other companies' names or cultivars. In both cases, the following must be included with the reprint or ad citing the appropriate publication number and title: "See the official Kansas State University Agricultural Experiment Station and Cooperative Extension Service Report of Progress '2019 Kansas Performance Tests with Corn Hybrids, or the Kansas Crop Performance Test website, http://agronomy.ksu.edu/services/crop-performance-tests for details. Endorsement or recommendation by Kansas State University is not implied."
